

**BEFORE THE WEST VIRGINIA STATE BOARD OF  
REGISTRATION FOR PROFESSIONAL ENGINEERS**

**IN RE:        BRODERICK CORY ATTRA  
                 KEVCOR, INC.**

**C2016-13**

**CONSENT ORDER**

Comes now the West Virginia State Board of Registration for Professional Engineers by Edward L. Robinson, P.E., its President, (hereinafter “the Board”) for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Broderick Cory Attra (hereinafter “Respondent Attra”) and Kevcor, Inc. (hereinafter “Respondent Firm”) (together, “Respondents”). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby **FIND** the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.
2. Respondent Attra is a licensed professional engineer in several states, with his initial licensure in Texas, but was not licensed to offer engineering services or practice engineering in West Virginia at the time of the offer which gave rise to this Complaint.
3. Respondent Attra is the Chief Engineer and Principal of Respondent Firm, currently working from Respondent Firm’s offices in New Hampshire.
4. Respondent Firm is organized under the laws of the State of Texas and has several branch offices, but did not have the Certificate of Authorization (COA) required to offer engineering services or practice engineering in West Virginia at the time of the offer which gave rise to this Complaint.

5. In applying for licensure in this State, Respondent Attra stated that Respondents had submitted a proposal on July 8, 2015, which had been accepted, to design a Waste Water Treatment Plant located in West Virginia.
6. Respondent highlighted in the proposal that he was not licensed in West Virginia, but had applied for licensure.
7. The Board received Respondent Attra's application for licensure on July 13, 2015, Respondent Firm later submitted its application for COA, and both were issued on September 8<sup>th</sup> (PE License No. 21467 and COA # C05331).
8. The Board initiated complaint number C2016-13 at its regular meeting on November 10, 2015, which was filed and served on November 18, 2015.
9. Respondents filed a timely response to the Complaint setting forth the timeline for the licensure application, the offer and the COA application; stating that the offer was accepted on August 17, 2015; and admitting that the offer was made prior to the West Virginia credentials being obtained.
10. The Board has taken into account the following factors in reaching this settlement: Respondents' cooperation in communicating with this Board after bringing this matter to the Board's attention during the application process; the fact that Respondent Attra filed for licensure prior to the offer and disclosed his non-licensure to the potential client; Respondents' cooperation in the resolution of this Complaint; and the nature of the violation, which did not pose harm to the public since no engineering services were performed by Respondents prior to obtaining their credentials.
11. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.
