WV PE BOARD

**BEFORE THE WEST VIRGINIA STATE BOARD OF
REGISTRATION FOR PROFESSIONAL ENGINEERS****IN RE: BRADLEY JOHN AYERS
 AYERS ENGINEERING, LLC****C2018-16****CONSENT ORDER**

Comes now the West Virginia State Board of Registration for Professional Engineers by Edward L. Robinson, P.E., its President, (hereinafter “the Board”) for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Bradley John Ayers (hereinafter “Respondent Ayers”) and Ayers Engineering, LLC (hereinafter “Respondent Firm”) (together, “Respondents”). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby **FIND** the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.
2. Respondent Ayers is a licensed professional engineer in Virginia and was a licensed professional engineer in West Virginia, license number 014243 issued on February 28, 1999, but allowed his West Virginia license to lapse in 2003.
3. Subsequent to the filing of this complaint, Respondent applied for reinstatement of his license, which was reinstated on May 17, 2018.
4. Respondent Firm is solely owned by Respondent Ayers and is organized under the laws of the state of Virginia, with its principal place of business in Bluefield, Virginia.

5. Upon Respondent Ayers' reinstatement, a previously applied for Certificate of Authorization (COA) was issued on May 17, 2018, allowing Respondent Firm to practice engineering in the State of West Virginia.

6. After being made aware that Respondents were or had been working on engineering projects in West Virginia, the Board's investigation revealed that Respondents offered and provided engineering services on two West Virginia projects.

7. The Board initiated Complaint Number 2018-16 at its regular meeting on March 20, 2018, which was filed and served on March 29, 2018.

8. Respondent initiated settlement negotiations with the Board resulting in this Consent Order in lieu of filing a response to the Complaint.

9. Respondents offered and practiced engineering on two projects in West Virginia on a lapsed professional engineering license and without the required COA, in violation of West Virginia engineering law.

10. The Board has taken into account the following factors in reaching this settlement: Respondents applied for the necessary credentials shortly after the filing of this complaint; the engineering work did not pose a harm to the public; and Respondents promptly cooperated in the resolution of the complaint.

11. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs and administrative costs were incurred in the investigation, initiation and resolution of this complaint.
