WV PE BOARD

IN RE: WALKER PARKING
CONSULTANTS/ENGINEERS, INC.

C2018-11

CONSENT ORDER

Comes now the West Virginia State Board of Registration for Professional Engineers by Edward L. Robinson, P.E., its President, (hereinafter "the Board") for the purpose of agreeing to resolve a Complaint seeking disciplinary action against Walker Parking Consultants/Engineers, Inc. (hereinafter "Respondent Firm"). As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of such agreement, does hereby **FIND** the following:

1. The matters set forth herein are within the jurisdiction of the Board, which is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia.
2. Respondent Firm is organized under the laws of the State of Michigan, with its principal place of business in Kalamazoo.
3. Respondent Firm has a Certificate of Authorization No. C00967 ("COA") required to practice engineering in West Virginia.
4. It came to the attention of the Board that Justin Riley, an employee of Respondent Firm, created and placed his name on engineering drawings, specifications and construction documents for the Huntington Tri-State Airport parking lot restoration project, which constituted the practice of engineering.

5. That this was the practice of engineering is underscored by the fact that the firms bidding on the project were required to have a professional engineer on staff.
6. The employee of Respondent Firm whose name appears on the engineering work is not licensed to practice engineering in West Virginia.
7. The Board initiated Complaint Number C2018-11 at its regular meeting on January 25, 2018, which was filed and served on February 1, 2018.
8. Respondent failed to file a timely response but, after notification by the Board, submitted a response on March 16, 2018, and initiated settlement negotiations.
9. Respondent Firm admits that, in allowing an unlicensed person to prepare the bidding documents, it aided and assisted in the unlicensed practice of engineering in West Virginia, but states that the project was postponed and construction is still not underway.
10. Respondent Firm also respondent that, while it is of the opinion that the work did not require the seal of a professional engineer, the bidding documents would be reviewed and sealed by a professional engineer licensed in West Virginia prior to construction if so required by this Board.
11. The Board has taken into account the following factors in reaching this settlement: Respondent cooperated in this settlement of this matter, the unlicensed practice did not result in any harm to the public since construction has not started, and the documents will be signed by a professional engineer licensed in West Virginia prior to construction pursuant to this consent order.
12. The Board, in its discretion, will not assess administrative costs although it is within its power to assess such costs, and administrative costs were incurred in the investigation, initiation and resolution of this complaint.

CONCLUSIONS OF LAW

13. The Board is the state entity with the power and duty to regulate the practice of engineering in the State of West Virginia, and matters related to such practice are within the jurisdiction of the Board. W. Va. Code § 30-13-1 *et seq.*
14. John Bale, as an Owner of Respondent Firm, has the power and authority to make admissions and otherwise act on behalf of Respondent Firm.
15. It is unlawful for any person to practice engineering, as defined by West Virginia Code § 30-13-3(e), in the State of West Virginia unless that person is duly registered under the provisions of West Virginia engineering law. W. Va. Code § 30-13-2.
16. It is unlawful for any person to aid or assist another person in violating any provisions of West Virginia Code § 30-13-1 *et seq.* or the promulgated rules of the Board. W. Va. Code § 30-13-21(a)(8).
17. The Board may suspend or revoke or refuse to issue, restore or renew a certificate of registration, or place on probation, impose a civil penalty or reprimand any professional engineer who has failed to comply with any of the provisions of this article or any of the rules promulgated under it. W. Va. Code § 30-13-21(a)(4).
18. The provisions of W. Va. Code § 30-13-21(a) are applicable as appropriate to unlicensed persons and firms. W. Va. Code §§ 30-13-21(b) and (d).

20. Practicing or offering to practice engineering, as defined by W. Va. § 30-13-3(e), without a license is an action that may subject a person to discipline by the Board, including a civil penalty up to Five Thousand Dollars (\$5,000.00). W. Va. Code R. § 7-1-15.1.

21. The penalty for aiding and assisting a violation shall be no more than the maximum penalty set forth in Board rule. W. Va. Code R. § 7-1-15.2.
22. In determining the amount of a civil penalty to be assessed, the Board may consider such factors as the circumstances leading to the violation; the nature and severity of the violation and the risk of harm to the public; the extent to which the cited person or firm has cooperated with the Board and the Board's investigation; and other matters as may be appropriate. W. Va. Code R. § 7-1-15.4.
23. The assessment of administrative costs is within the Board's sole discretion. W. Va. Code § 30-13-21(d)(4) and W. Va. Code R. § 7-1-14.4.
